

Preface

Main concepts

1.1 Elements of the theory of relations 11
1.2 Functions and operations.....16
1.3 Algebraic systems.....19
1.4 Closure operations 21

Menger algebras of functions

2.1 Menger algebras (basic notions)..... 35
2.2 Menger semigroups 51
2.3 ν -regular Menger algebras57
2.4 Group-like Menger algebras 70
2.5 Antisymmetric Menger algebras 87
2.6 Representations of Menger algebras 97

Ordered Menger algebras

3.1 Menger algebras of relations 107
3.2 F.o. and p.q-o. Menger algebras114
3.3 Algebras of reversion functions 121
3.4 (λ) -, (Υ) -, (λ, Υ) -Menger algebras 129
3.5 Restrictive Menger algebras 149
3.6 Functional Menger systems 158

Relations between functions

4.1 Stabilizers of Menger algebras.....165
4.2 Stationary subsets 177
4.3 Semi-compatibility relation 188
4.4 Co-definability relation.....201
4.5 Connectivity relation208
4.6 Projection equivalence 217

Bibliography (196 items).....225
